

Journal - Office of Legislative Counsel  
Thursday - 16 March 1967

Page 3

25X1 11. [ ] Talked to Mrs. Frances Hoyland, in the  
25X1 office of Representative George Fallon (D., Md.), concerning a letter from  
a constituent, [ ] which had not asked for any reply  
from the Congressman. Mrs. Hoyland explained that the Congressman  
had no interest in the matter although his buck sheet had indicated that he  
did. The constituent is [ ] and for  
this reason he replies even though she asks for none. I shall prepare  
a brief reply for the Congressman. 25X1

25X1 12. [ ] Talked further with Jay Sourwine, Senate  
Internal Security Subcommittee staff, concerning his request for a briefing  
of certain members of the Subcommittee on infiltration in Latin America.  
Sourwine said that Chairman Eastland would prefer to do this during the  
first week in April. Sourwine has no desire to impose on the Director's  
time for such a briefing and emphasized that no transcript will be taken.  
(O/DD/I's office has been advised of the time schedule on this briefing.)

25X1 13. [ ] Talked with Mike Findley, in the office  
25X1 of Representative Dante B. Fascell, concerning the inquiry from [ ]  
regarding a typewriter. I told Findley we were attempting to resolve this  
problem and would be in further contact with him.

25X1 14. [ ] Miss Lee, in the office of Representative  
Seymour Halpern, called to say that Mr. Halpern was very much interested  
in obtaining an Agency seal and would be more than happy to pay for the cost  
of such a seal if necessary. According to Miss Lee, the Congressman wished  
to display the seal in his office. I advised her that we had not had any  
Agency seals for sometime and to the best of my knowledge, had no plans  
for future supplies. I also pointed out that the cost for obtaining a single  
seal would be extremely high. Miss Lee was disappointed that Mr. Halpern's  
request could not be filled, but thanked me for this information.

25X1 15. [ ] Met with Peter Gerardi, House Science  
and Astronautics Committee staff, who advised that the Chairman is looking  
forward to the briefing by Mr. Duckett tomorrow morning and I reconfirmed  
with him the Committee arrangements.
